CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JANUARY 26, 1950

NUMBER 41

Tuberculosis Survey Is Well Attended

The Tuberculosis survey meeting held at the District court room last Monday was well attended by representatives from Rockdale, Thorndale, Milano, Buckholts and Cameron.

Dr. Freeman, Director of the Milam County Health Unit presided at the meeting and introduced the guest speaker, Phillip W. Gause, Jr., Tuberculosis worker who gave a detailed report on progress and benefits of the Mobile X-Ray Unit. He pointed out that tuberculosis is fatal to more people between the ages of 15 and 45 than any other disease.

The purpose of the survey is to find unknown cases of tuberculosis so that they may receive treatment.

A properly conducted survey entails much preparation and the cooperation of every club and organization is needed in order to promote the clinic.

The Mobile Unit is expected to be in Cameron from March 17 through March 25, to Rockdale March 28 and 29, and Thorndale March 31 and April 1.

Chas. M. Hicks, County superintendent is general Chairman.

MANY FAILING TO QUALIFY FOR BALLOT

With only ten days remaining it appeared that 1950 payment of poll taxes would establish an all time low, both in the City and County.

This situation is most unusual because poll tax payments are traditionally high in election years.

Out of a possible 7000 in the county only 2500 had been paid. In the city of Cameron out of a possible 1400 only 688 had been paid.

It was expected that within the next ten days there would be a speed-up on payment of poll taxes, but it is unlikely that a normal number will be paid. This means many of the citizens both in the city and county will be disqualified from voting this year.

It was said at the office of Valter White, County tax collector that about 85 per cent of ad valorem taxes have been paid. Many people may be under the impression that poll tax was repealed due to a Constitutional amendment voted on last November but this amendment was turned down by the voters of Texas.

Texas Power & Light Company 1949 Review

The general expansion program of the Texas Power & Light Company made rapid strides during 1949 with installation of an additional 110,500 horsepower of electric capacity at two of its major generating stations, together with additions and improvements to the Company's transmission, distribution and substation facilities, district office buildings and communications system highlighting the accomplishments. In addition to these improvements, said TP&L President W. W. Lynch, especially designed equipment and streamlined administrative procedures will promote increased efficiency in consumer service throughout the fifty-two north, central and east Texas counties served by the Company.

Installation was completed on the new 93,800 horsepower turbo-generator at the Company's Trinidad plant and the unit placed in operation. "This new equipment increases the electric energy of this plant by more than one-half of its present capacity, to a total of 251,700 horsepower of electric energy, and makes Trinidad one of the great sources of electric power in this part of the country," Mr. Lynch said. "Installation of a new 16,700 horsepower turbo-generator in the Company's Waco power plant approximately doubled the energy output of that electric power station," he said.

Distribution circuits were strengthened throughout the TP&L territory and construction of a new heavy-duty transmission line from Payne substation to Denison was built. This new line gives Denison two sources of power, either of which will provide for the entire requirements of the city.

Additions to major transmission and distribution substations in new transformer capacity totaled 150,000 kva, or enough to supply the power requirements of a city of 250,000 population. Installation of additional high-voltage power transformers and protective equipment on transmission lines and at substations to improve and assure further the dependability (turn to page ten)

JOHN E. CHANDLER RITES TO BE THURSDAY

J. E. Chandler, 63, died in the Santa Fe Hospital in Temple, January 24, 1950 after a long illness.

Mr. Chandler was a retired Santa Fe worker. He was born in Thorndale, May 15, 1886, the son of Preston and Lula Stagggers Chandler, and was married August 3, 1918 to Miss Margaret Morgan.

Mr. Chandler was a signal maintainer for the Santa Fe Railroad for a number of years, having been retired for the past 13 years. He was a member of the local A. F. and A. M. Lodge and the I. O. O. F. Lodge.

His survivors include his widow, Mrs. Margaret Chandler of Cameron, three daughters: Mrs. Naomi Elliott of Cameron, Mrs. Gladys Doyle of Warrington, Florida and Mrs. Gwen Hemphill of Austin and one son, 1st Sgt. Tom Frank Chandler of Portland, Maine.

He is also survived by his mother, Mrs. Lula Chandler of Cameron, three sisters: Mrs. Elmer Whitworth, Los Angeles, California, Mrs. Bob Cloud, Fort Worth and Mrs. Ola Lewis of Cameron, one brother, Bryan Chandler of Waco.

Funeral services will be conducted by Rev. W. H. Hall, pastor First Presbyterian Church, at the Chapel of Green's Funeral Home, Thursday, January 26, at 2:00 p. m. Burial will be made in Oak Hill cemetery with Green's Funeral Home making the arrangements.

LAST RITES HELD FOR MRS. A. J. JOHNSON

Funeral services for Mrs. A. J. (Jack) Johnson were conducted Tuesday, January 24, from the Cameron Gospel Tabernacle, with Rev. H. M. Bowley, pastor officiating, assisted by Rev. A. J. Frisby and Rev. P. L. Caperton.

Burial was made in North Elm cemetery with Green's Funeral Home making the arrangements.

Mrs. Johnson died at her home at East 15th Street, Monday, January 23, 1950, after a long illness. She was born Amanda Jane Ford, the daughter of R. J. and Elizabeth Ford in Tennessee, February 6, 1881. She came to Texas with her parents at the age of two and had resided here most of her life. She was married to A. J. Johnson in 1904.

Surviving here are her husband, Jack Johnson of Cameron, two sons; Roy Johnson of Temple and Arthur Johnson of Cameron, three daughters; Mrs. Jewell Raney, Mrs. Mable Fuller and Mrs. Inita Gandy all of Cameron.

Also surviving are 12 grandchildren, and two sisters and seven brothers.

PRESIDENT ASKS FOR SOME TAX INCREASE

President Truman asked congress for a host of tax changes—\$1,000,000,000 a year more from corporations and legacies, a deep slash in seven excise or nuisance taxes, and plugged-up "loopholes" in tax laws.

One aim's to produce \$1,000,000,000 more in annual revenues. Congress is eager to cut excise taxes, levied on such things as furs, passenger travel, cosmetics and long distance telephone bills. There is strong talk of rushing through such a bill.

Mr. Truman said, however, he'll veto any such bill which isn't at the same time offset by the same amount of new revenue.

Here is the way he wants to attack this problem. Reduce excises "only to the extent that the resulting loss in revenue is replaced by revenue obtained from closing loopholes in the present tax laws."

By loopholes, he said he meant the legal ways through which "some groups escape their fair share of taxation." He mentioned laws which he said give advantages to oil well and mine owners, charitable and educational organizations engaged in business and life insurance companies.

The message failed to please a large segment of congress which is talking of cutting expenses and taxes, too, rather than raise any revenues. Mr. Truman contends his budget is at a minimum considering world intensity and he advised against "foolish slashes." He asserted his program is designed to strengthen the tax system.

Cameron Yoemen Won Over Taylor Ducks 29-25

The Yoelets, under Coach Gene Williford, out played the Taylor B squad from the first toss up to the final period, winning the game by a score of 31 to 26.

The Yoemen completed the first round of district play here Tuesday night by defeating the Taylor Ducks by a score 29-25.

Cameron won all games in first round of district play and leads Taylor by two games, while Taylor holds second place with a loss to Cameron and Georgetown.

Fuchs was high point man with 10 points with Malone of Cameron and Moegle of Taylor 8 each. Georgetown will play the Yoemen here Friday night, January 27, the first game starting at 7 p. m.

This game will be the first game of the second and final round of district play for the Yoemen.

Roy Baskin Runs For Re-election

Roy Baskin, City Attorney, is a candidate for the nomination of another term in that office, subject to the Democratic Primary to be held Tuesday, February 7, 1950.

Mr. Baskin is a widely known lawyer and has held this office for some time. His announcement for re-election will be received with approval throughout the city.

The office of City Attorney is important in relation to the legal demands of the government and Mr. Baskin, because of his experience in this office is in position to render the best possible service at all times.

The duties of the City Attorney relate both to enforcement of law and giving expert legal advice on matters pending before the government, and the Attorney must draw ordinances and perform many other duties along these lines. Mr. Baskin has a very fine record of service. He is running without opposition but nevertheless feels he should ask for your vote and support by making a formal announcement. Your influence in his behalf will be greatly appreciated.

Pvt. Otis Hardwick Stationed At Lackland

Pvt. Otis Hardwick 18, son of Mr. and Mrs. Raymond Dees of Cameron has reported to Lackland AFB, the "Gateway to the Air Force," to begin the AF basic airmen indoctrination course, here.

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training for airmen and women, indoctrination station for proir service reenlistees and home of the AF's Officer Candidate School.

His thirteen weeks of basic training will prepare him for entrance into Air Force technical training and for assignment in specialized work. The course will include a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

FIVE MILLION ASKED BY CEN-TEXAS GROUP

A delegation representing Central Texas asked the house appropriations committee to recommend \$5,000,000 for continued construction on the Belton dam.

President Truman's proposed budget calls for a \$3,500,000 appropriation.

In a hearing before the army civil functions sub-committee of the appropriations committee the delegation stressed that army engineers class the Belton dam one of the nation's most important flood control projects, and declared that "the appropriation of any sum less than the five million dollars would seriously impede the economic progress of the work on this project."

Other facts brought to light were: 1. Leon river floods have caused great economic loss and taken lives. 2. A reliable water supply and facilities for amphibious training are needed by Camp Hood.

Appearing in support of the delegation's arguments were Congressman Bob Poage of Waco, Clark Thompson of Galveston and Olin Teague of Bryan.

The Central Texas delegation was composed of Dr. A. C. Scott, Jr., and W. Guy Draper of Temple, Roy San- (turn to page six)

LIFE TERM FOR SMITHWICK

HEREFORD WINS STOCK SHOW HERE

TURNPIKE CHARTER GIVEN

STATE DEMANDS DEATH SENTENCE, SMITHWICK

Testimony in the murder trial of Sam Smithwick ended Tuesday in Bell County's Twenty-seventh District Court before a tense, guarded audience.

The verdict is expected today.

Expressionless, big Sam Smithwick sat in the crowded district courtroom of Bell county's old stone courthouse and heard a jury's verdict finding him guilty of murder with malice and assessing his punishment at life imprisonment for the July 29 shooting of crusading radio newsmen Bill Mason on the streets of Alice.

Tall, balding Dist. Atty. James Kirk Evetts, of Belton, who escaped a pistol ambush in his dark garage Monday night, and the huge defendant clashed Tuesday morning in a hot verbal exchange.

Smithwick was a Jim Wells County deputy sheriff when he was charged (turn to page ten)

Gause Pee Wee Team Honored At Banquet

Citizens of Gause honored their Pee Wee football team with a banquet last Thursday night, at the lunch room of the Gause School building.

The banquet was given in appreciation for the fine work the boys put forth in the Milk Bowl game held in Cameron in December.

The citizens as a whole expressed their sincere thanks and appreciation to the fine group of boys for their interest in sports which is a part of their regular school education.

Approximately sixty boys and girls attended the banquet.

Allan Shivers Backs One-Cent Hike In Cigarette Tax

Governor Allan Shivers said Tuesday he would approve a one-cent-per-pack cigarette tax increase to pay for the \$60,000,000 long-range state hospital building program if the legislature adopts that plan.

The program was urged Monday by the state hospital board.

"I don't know that I am going to recommend that, but if the legislature approves that plan, I would accept their wisdom," the governor said at a press conference.

He estimated the tax would bring about \$7,500,000 annually. It would increase the state tax on cigarettes from three to four cents per pack.

The governor said the cigarette tax had been recommended to him by some members of the legislature and in some personal letters from private citizens.

To raise funds for current expenditures of the eleemosynary institutions, Governor Shivers said he still favors a broad-based tax—a little tax or tax increase on a lot of items.

Shivers said he would issue the formal call Wednesday for the special session to begin January 31. Purpose of the session, he said, would be limited initially to financing operation of the state hospitals and setting up a long-range building program.

Lillian Atkinson Back At Her Office

Freinds will be glad to know that Miss Lillian Atkinson, Associate of the Atkinson-Stallworth Agency is able to be in her office during the afternoons.

Miss Atkinson suffered injuries in a car accident several months ago and has been confined to St. Edward Hospital and later returned to her home where she has rapidly improved.

Will Lake is among the patients ill and in Newton Memorial Hospital.

MILAM CO. HEREFORD WINS JR. STOCK SHOW

Ann Brock, daughter of Mr. and Mrs. Jess Brock of Cameron, showed the Champion steer at the Junior Stock Show held here in Cameron last Saturday. The deep, thick, classy steer was from the Monroe Hereford Farm also of Cameron, and drew favorable comment from the Judge, John Riggs, professor of Animal Husbandry from A&M College.

Gene Angell, son of Mr. and Mrs. C. O. Angell who lives on the Randal Lake Farm, was very close in second place with another Hereford Steer bred on the Walker Hereford Ranch in Lampasas County.

Walace Colburn, son of Mr. and Mrs. Clarence Colburn of the Yarelton Community, showed a very good Angus steer in third place. This steer was from the Brook Angus Ranch near Brady.

The two top Hereford steers were classified choice and both drew blue ribbons. The Angus steer drew a red ribbon on the classification basis. In the light class, Ferol Angell, of the same Angell tribe, showed a very promising Hereford calf for a blue ribbon and Gene Angell was in second place with a nice Hereford calf and a red ribbon.

John Riggs who very ably judged the calves, pointed out to the stockmen and farmers that livestock fit very well into a farming operation, to take up slack caused by acreage reductions. Nine business men and 20 individual stockmen donated cash prizes for the show. John Batte, Dana Monroe, C. O. Angell, Dr. Lyle McDermott and James Brock made arrangements for the show.

MRS. FRANCES CAVE BURIED IN CAMERON

Funeral services for Mrs. Frances Eleanor Cave were held from the Gause Baptist Church, Tuesday, January 24, 1950 with Rev. George Syer, pastor officiating. Burial was made in Oak Hill cemetery at Cameron, with Green's Funeral Home making arrangements.

Mrs. Cave was born Frances Todd, the daughter of John and Sarah Sherrill Todd, near Atlanta, Georgia. She came to Texas at the age of eight and had lived in the Gause community most of her life. She had been a member of the Baptist church since early life.

Her survivors include two sons: Roy Ward of Llano and Holt Ward of Gause, and one sister, Mrs. D. B. Worchester of Criesman. Also surviving are eight grandchildren and a number of great grandchildren. Among her nieces in Cameron is Mrs. Preston Graves.

20 FOOTBALL LETTERMEN RECEIVE MAROON JACKETS

The Cameron Yoemen of the 1949 football squad were honored with a banquet at the high school gym on Wednesday night. It was estimated that more than 400 fans gathered to honor this fine group of boys and was the largest group to ever assemble for a football banquet in Cameron.

The Rotary Club and the Lions Club served as co-sponsors in preparing and serving the barbecue lunch at the banquet, and should be heartily thanked for the splendid way in which the meal was served.

Albert Collins, acting as toastmaster for the night, introduced the coaches and their wives, first, introducing Coach Gene Williford who coaches the B and C squad, or the future A squad, then Mr. and Mrs. Dick Young and Mr. and Mrs. Paul Smith.

Coach Paul Smith, assisted by Dick Young presented maroon jackets with grey letters to 20 lettermen. The fol- (turn to page six)

H. H. COFFIELD ONE OF FIVE IN CORPORATION

Five Texans, including H. H. Coffield of Rockdale, have formed a corporation and plan to build a super 4-lane highway between Dallas and Houston to operate as a toll turnpike.

A charter was approved in Austin Thursday, going to W. L. Pickens, V. D. Bostick and Ross K. Prescott, all of Dallas; H. H. Coffield, of Rockdale, and R. L. Wheelock of Corsicana.

Prescott estimated the cost of building the highway at between \$68,000,000 and \$100,000,000.

Information on the charter indicated the Texas Turnpike Company planned to build an all-weather concrete road with four 12 foot lanes, the south and north-bound traffic to be separated by a five to ten-foot parkway.

Terminal points would be south of Dallas city limits and north of the Houston city limits. Length was estimated (turn to page ten)

Basketball Tournament At Sharp Friday Night

The Sharp Girls Inviation Basketball Tournament will get under way Friday night, January 27 with Thorndale and Milano setting the pace at 7:30. The second round will see the Rockdale and Sharp lassies trying their skill with the spheroid starting at 8:30.

Saturday will find the Thrall and Bartlett girls playing at 9:00 a. m. followed by games at 10:00 and 11:00 a. m. The finals will start at 7:30 p. m.

Trophies will be awarded for first second, and consolation. On all tournament team of six girls will be presented with silver basketballs following the games.

L. Van Perkins Gives Cameron Rotary Talk

L. Van Perkins told about football between 1920 and 1930 when he was coach at Yoe high school, and told of the building of Yoe high athletic field at the regular noon meeting of the Cameron Rotary club Wednesday. He also discussed some of the games and some of the great football players then.

Calvin Markham was in charge of the program and introduced the speaker. L. W. Smith presided over the business meeting.

Hilliard Implment Co. Host To Farmers Friday Night; Color Film

Hilliard Implement Company invites farmers and their families to see the newly released color film showing the new Minneapolis-Moline machinery.

A story dealing with our neighbors entitled "An American Journey" depicts the weather, what it is, what is done about it and how it affects modern farming.

The film will be shown in color and sound. The show is free and will be shown at Yoe High school auditorium Friday night, January 27, at 7:30.

LAST RITES HELD FOR JAMES KIRK TODAY

Funeral services will be held for James Howard Kirk this afternoon at 2:00 o'clock. Rev. H. A. Spell, pastor will conduct the services at First Baptist Church in Milano. Burial will be made in Liberty cemetery with Phillips & Luckey Funeral Home in Rockdale directing the arrangements.

Mr. Kirk was fatally injured last Wednesday while working near a drilling rig at Van Horn. He died Thursday at an El Paso Hospital.

Pallbearers will be Ex-Service men who reside in Milano.

L. ROY PRESCOTT, treasurer of the Production Credit Corporation of Houston, looking at 21 checks for \$5,000.00 each which on Dec. 31, 1949, retired the last dollar of the almost \$8,000,000.00 the government once

had invested in the production credit associations of Texas. The Bryan Production Credit Association which serves Milam County retired the last of its government capital on Dec. 31, 1948.

Brazos Dam Details Given

Brazos River Conservation and Reclamation District, a Texas State agency, notified the Power Commission it plans to build three dams on the Brazos River in Palo Pinto and Hood Counties, Texas.

The district said the three projects, to be known as Turkey Creek Dam, Inspiration Point Dam and De Cordova Bend Dam, will be operated solely for power purposes. The power will be sold entirely within Texas.

Turkey Creek Dam, in Palo Pinto County six miles northwest of Mineral Wells, will be 79 feet high and 1,253 feet long. It will have one 21,256 kilovolt-ampere generator, and will create a 4,700-acre lake 31 1-2 miles long.

Inspiration Point Dam, also in Palo Pinto County about eight miles south of Mineral Wells, will be 82 feet high and 1,528 feet long, will have a 25,000 kilovolt-ampere generator, and will create a 6,350-acre lake 39 miles long.

County seven and a half miles southeast of Granbury, will be 83 feet high, 2,211 feet long, will have a 43,478 kilovolt-ampere generator, and will form a 7,730-acre lake four and a half miles long.

The district asked the commission to rule that the Brazos River in that area is not a navigable water under the terms of a Federal power act, and that construction and operation of the three dams will not affect the interests of interstate or foreign commerce.

If the commission so rules, it would have no jurisdiction over the projects.

Mr. and Mrs. F. D. Brown of Lexington are the happy parents of a son, Fred D. Brown, Jr., born Sunday, January 15, 1950 at St. Edwards Hospital. The baby weighed six pounds and 13 1-2 ounces. The mother is the former Mary Margaret Curlee.

Miss Imogene Sanders who is employed in Austin spent the week end at her home in Minerva.

EUROPEAN AID WILL SUFFER AT SESSION

The House rejected Thursday the administration's \$120,000,000 Korean aid bill by a vote of 193 to 191.

The surprise action was considered a revolt against further foreign spending as much as an expression of displeasure with the Far East policy.

Administration Democrats admitted it indicated that sizable sums for European aid under the Marshall Plan will face tough going at this session.

President Truman and administration forces were anxious to extend a helping hand to the Southern Koreans. The Soviets hold the north half of the country.

The President said in a message to Congress last June 7 that the Korean republic, by demonstrating the success and tenacity of democracy in resisting Communism, "will stand as a beacon to the people of Northern Asia in resisting the control of the Communist forces which have overrun them."

Texas members of the House were divided. Eleven voted against the

economic assistance and nine for it. Speaker Sam Rayburn did not vote.

Republicans voted almost solidly to end the assistance to Korea. Voting for the measure were 170 Democrats were 21 Republicans. Opposing were 131 Republicans, 61 Democrats, many from the South, and one American-Laborite.

Rep. Omar Burleson of Anson, member of the foreign affairs committee that drafted the bill, believed the House vote was due almost entirely to public reaction against foreign aid.

"Many voters believe that high taxes are caused by the aid program," Burleson said. "They also feel that the money spent abroad is being wasted and is doing little or no good. I don't believe the China situation had anything to do with the vote."

Burleson voted for the aid program because he believed it important for the United States to maintain its "last vestige of prestige in the Far East."

Mrs. Herman Boedeker of Caldwell spent the week end visiting her sister, Miss Clara Matula and other relatives here.

Sandra Convicted
In Brady Murder,
Handed Life Term

A jury convicted Sandra Peterson of murdering Brady real estate man Lewis Patterson and gave her a life prison sentence. The 18-year-old Somerville, Mass., girl was convicted of murder with malice.

The State had asked the death penalty, telling the jury Sandra had forfeited the right to live.

For Sandra the defense had argued the State failed to show who killed Patterson in the hitchhiking slaying.

Sandra's face blanched when she heard the verdict, but she did not cry.

"I'm still on my feet," she said, when she was asked how she felt.

Defense attorneys declined to say whether they planned an appeal. But Defense Counsel Will Allcorn told jurors:

"We didn't want this case but when we got it, we did the best we could."

E. H. Hahn, foreman of the jury of farmers and ranch men, read the verdict in a loud voice:

"We find the defendant guilty of murder with malice aforethought and assess the punishment at life imprisonment."

Each juror was polled and each announced "Guilty."

Rosebud Honors '49
Bi-District Champions

The annual football banquet, which was held Thursday night, in the new gymnasium just completed for the Rosebud High School, took on added significance this year as it not only honored the grid players of 1949, but also honored the district and bi-district champions of 1949.

The banquet, sponsored by the Rosebud Chamber of Commerce, also honored the parents of the football players, the players' dates, and the coaches of the team, Glenn E. Lowe, George H. Brownlee and Charles Greener.

R. E. Souther, president of the Chamber of Commerce, opened the program for the evening by introducing H. C. (Bully) Gilstrap, who acted as toastmaster.

The menu consisted of shrimp cocktail supreme, tossed salad, baked sugar cured ham Hawaiian, sweet potatoe souffle, asparagus tips, poppy

seed rolls, Texas pecan pie, coffee and tea.

W. W. Wright, chairman of the athlete committee, presented the coaches with valuable gifts in consideration of the great job they did with the team during the season of 1949. Gifts to the coaches were also presented from the citizenship of the city.

State Senator Fred (Red) Harris of Dallas made an inspiring address to the assembly and spoke directly to the football players on the role they will play in the future. Harris, who played football and baseball with Baylor University during his college days, is looked upon almost as a hometown boy.

Cameron superintendent, W. T. Hanes presented the championship trophy, a huge gold football mounted on a pedestal to the Panther co-captains. Mr. Hanes explained that he was making the presentation for J. B. White, editor of the Cameron Herald, who is ill and not able to attend.

The following squad members of the 1949 Rosebud High school Black Panther district and bi-district football championship team were present: Billy Mock, Bobby Kleypas, Dickie Ellison, Robert Arthur, Dickie Ellison, Robert Arthur, Paul Zipperlen, Jack Lemley, Alfred Thomas Voltin, Louis Smith, James Baker, Wilton Loftin, Wiley Garrett, James Beran, Delma Trojan, Thomas Frank Tappan, Richard Schigut, Bud Davis, Bill Davis, Jack Jonon, Bobby Goble, Melvin Voight, Gerald Heck, Bobby Stroh, Eugene Suggs, Reynold Cruz, Billy Geryk, Frank Pueck, J. W. Gummelt, Jerome Beach, Robert Carl Tawater, Bobby Litzman, Ray Allen Griffin, Charles Moore, Weldon Emmons, Tommy Sanders, Billy Joe Springer, George Schneider, Ralph Meek, and managers Bill Nabers and Bobby Cunningham.

TAX RAISERS HINT 1 CENT
NICK ON SMOKERS

Cigarette smokers may get tapped for a big part of the cost of improving state hospitals because a penny is the smallest coin.

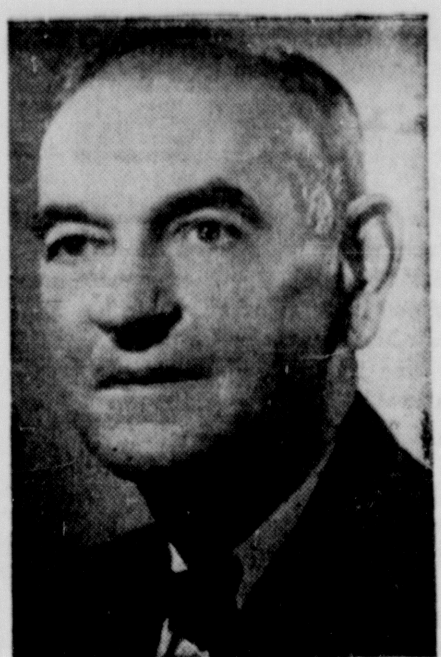

Cigarettes are one of the things taxed in the so-called 1941 omnibus tax act. A plan taking shape as the special session nears is to up those taxes 14 per cent to raise nearly \$25,000,000 for the hospital program.

But the idea of trying to increase a tax of 3c on a package of cigarettes by 14 per cent doesn't sound logical to a number of legislators.

That caused talk Wednesday of boosting the tax on fags an even penny to 4c. Texas still would be in line with neighboring states at that amount.

Arkansas last year dropped its cigarette tax from 6c to 4c a package the rate of the New Mexico levy. Louisiana has an 8c a pack tax and Oklahoma 5c.

Phone your news items to 282.

RETIRING PRESIDENT OF TSCW

L. H. Hubbard, 68, holds a record of longevity among Texas college presidents now in office. He has served as president of Texas State College for Women for twenty-four years, coming to the college from Belton in 1926. His resignation will become effective September 1, 1950.

GM 1949 Profit
Largest In History

The General Motors Corp. earned more than half a billion dollars in 1949, the biggest profit for one year of any business in history, Alfred P. Sloan Jr., chairman of the board, disclosed today.

Sloan said the automobile company netted profits which are "likely to move up over \$600,000,000 compared with a net income of \$440,000,000 last year. He also said that General Motors plans to increase production in all divisions this year.

ANNOUNCING

Mr. and Mrs. Russell Wallis of Richmond, California are the happy parents of a daughter born Sunday, January 22 in California. The baby weighed seven pounds and ten ounces. Mrs. Wallis will be remembered here as the former Pauline Malone. Grand parents are Mr. and Mrs. Eric Malone and Mrs. Alphine Wallis both of Cameron.

TESTIMONY STARTS
IN SMITHWICK TRIAL

Testimony in the trial of Sam Smithwick, former Jim Wells County deputy sheriff charged with the July 29, 1949 slaying of W. H. Mason, Alice radio newscaster, will start this morning.

Completion of a jury was accomplished late Saturday when attorneys stamped okeh on the 186th venireman questioned in five and a half days of intense probing. Habitués of the courthouse say the selection of this jury set a record in time exhausted for the selection.

State witnesses are expected to take the stand this morning after Smithwick is arraigned on an indictment from Jim Wells County charging him with firing the shot which took the life of Mason as the radio newscaster sat in his car on an Alice street.

The chief state witness is expected to be Avelino Saenz, who was in the car with Mason at the time the shooting occurred. He testified at a preliminary hearing in Alice shortly after the slaying that Smithwick was the man who stopped Mason's car and fired the fatal shot.

The State has 39 other witnesses summoned and the defense has 67 making a total of 107 witnesses to be heard.

Smithwick will plead self defense, according to his attorney, Henry Taylor Sr. Taylor has told many of the veniremen in the past week that "Smithwick's defense will be self defense."

The veniremen have been closely queried as to their belief and feelings about the law of self defense and "apparent danger."

Defense attorneys apparently are aiming at an acquittal or very light sentence. They have repeatedly asked jurors if they were acquainted with the law which gave them the right to reduce the charge of murder to murder without malice. This reduction of charge would change the sentence for which Smithwick is liable from two to five years. Any sentence of less

than five years is eligible to be suspended on recommendation of the jury.

Smithwick has not filed application for suspended sentence.

The State will ask the death penalty. Bell County District Attorney Jim Evetts has said in the past week. Each juror accepted was qualified as to his belief in this phase of the law.

The jury which will hear the case are:

Raymond Persky, 32, Bartlett farmer; E. W. Guest, 49, Salado farmer; Max V. Fergus, 27, Killeen auto dealer; Jerry W. Simek, 37, Temple farmer; Albert Friedrich, 54, Bartlett farmer; Dean Guthrie, 40, Belton farm supply salesman; F. J. Kirksey, 50, Troy ginster; C. M. Parkhill, 26, Killeen auto dealer; Barnell McGregor, 35, White Hall machinist; B. A. Green, 42, Rogers bus driver and electrical worker, and E. C. Warren, 59, Rogers ginster and carpenter.

Miss Margaret Tepera is ill and in St. Edward Hospital for treatment. Miss Tepera is Bookkeeper for the First National Bank here.

From where I sit ... by Joe Marsh

Give Us Back
Our Sidewalks, Slim!

I wrote that over an article in the Clarion last week, but I didn't like doing it. After all, the man it was aimed at—Slim Henderson—is a good friend of mine.

Slim came into quite a windfall last month, and bought the old Clarke place. The deed gave him title to all the land—right down to the street. Then Slim started to take up the sidewalk to make his lawn look better.

I felt it wasn't fair to the town and said so in my article. Next morning Slim comes around and wants to know what I mean—get-

ting folks riled against him. I felt ornery myself, and we had quite a set-to over the whole business.

From where I sit, that was foolish. Once we'd cooled off (over lunch and a bottle of beer at Andy's Tavern), Slim decided the sidewalks should stay—for the common good and I promised next time I'd take a good look at the other fellow's point of view before writing any articles about him!

Joe Marsh

We take the Woes
and Worries
out of Weather

ONE of the grandest things about your Buick is the way you can ignore the season—chew your way through gravel and dust alike, splash through the wet stretches, snug and secure even on slippery pavements.

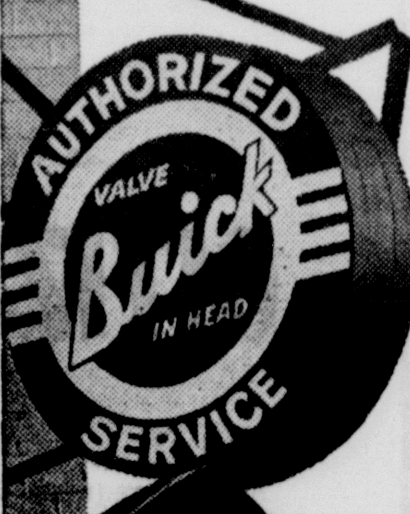

But bear this one thought in mind...

Rough road conditions call for special attention to your lubricants. Tires should be checked for correct inflation—for deep, clean tread that bites on a slick surface. Brakes won't stop you with a sure and gentle touch if the master cylinder needs more fluid, or if an air-bubble has worked itself into the line. These things, and more, should be checked to keep your Buick at its best.

If that sounds like more than one thought to bear in mind—just drive into our shop and tell the man, "LUBRICARE, please."

Our winter Lubricare treatment covers all these points—with specially trained mechanics following factory specifications as they go over your car from end to end.

Drive in this week, why don't you? The price is surprisingly low. The peace of mind is priceless.

Change Name And Emphasis of 4-H Program For '50

Announcement has been made of a change in emphasis in the 4-H Electric program, which in 1950 will be known as the 4-H Farm and Home Electric program, according to the National 4-H Committee.

With the change of name, the program will encourage more boys and girls to study and plan how to use electricity, and to demonstrate what electrical equipment they have made, adjusted, repaired and installed.

There will be no changes in awards, or donor, which is the Westinghouse Educational Foundation. Awards comprise gold-filled medals, all-expense trips to the National 4-H Club Congress, Chicago, and six \$300 college scholarships to county, state and national winners, respectively.

A merit plaque also will be awarded to the county reporting the most outstanding 4-H Farm and Home program in the state this year.

CRACKDOWN CALLED FOR TAX DODGERS

President Truman's tax program was reported unofficially Friday to call for a cut of some \$750,000,000 in excise levies, offset by tax increases of something less than \$1,750,000,000 on corporations, estates at death, and gifts.

The net increase in taxes thus would be somewhat less than \$1,000,000,000.

The program also was said to call for a crackdown on tax dodgers.

The proposals were unveiled privately to Democratic congressional leaders at the White House.

Truman, in aiming at a revenue increase which he previously told Congress he wanted, would be trying to dent the \$5,100,000,000 prospective deficit in spending for the fiscal year beginning July 1.

Rev. Frank Newton To Mt. Calm Post

MT. CALM, Jan. 21—The Rev. Frank M. Newton who recently accepted the call as pastor of the First Baptist Church of Mt. Calm moved here last week to assume his duties.

Newton was born in Cameron in 1916. He attended the public schools there and graduated from Yoe High School in 1934. He attended Schriener Institute in Kerrville from '35 to '37. Then he attended the University of Texas.

On May 31, 1941, Newton entered the Army Air Corps and was a bomber pilot in the 98th Bomber Group. He was shot down while on a mission over the Mediterranean Sea, Aug. 21, 1942, and was taken prisoner of war by the Germans, being released from prison camp April 29, 1945. He was in the Separation Army in the Summer of 1945 and then re-entered the University of Texas Law School.

He entered Baylor University in the Spring quarter of 1946, his major being Bible.

He was ordained in the First Baptist Church of Bosqueville in June 1946. Later he pastored two rural churches in Limestone County.

He and his wife received their Bachelor of Arts Degrees in the Spring quarter of 1948. They are the parents of two children, Frank MacDonald, 3 and Nina, 1.

Rev. Newton is the son of the late W. R. Newton, Sr. and Mrs. W. R. Newton of Cameron.

Flood Crisis Waited; Army Set to Blast

The Army Wednesday rolled in the heavy equipment it may use to smash a safety-valve levee to relieve pressure along vital areas of the swollen Mississippi River.

New rains and rising rivers upstream heightened the chance that engineers may have to flood 200 square miles of fertile southeastern Missouri farmland—an act that might wreck hundreds of land owners financially.

Already 8,000 residents of the Birds Point-New Madrid floodway have fled from their home with furniture and all other possessions they could haul away. Some lashed their homes to their foundations with ropes.

The remaining 4,000 residents of the floodway are sticking it out—until or unless the Army issues an evacuation order.

The Mississippi, Ohio and Wabash Rivers—three major danger spots in the Midwest flood picture—all were rising at crucial points.

Hundreds more persons were evacuated, new volunteers were called to bolster the Wabash River levee at Vincennes, Ind., and two men perished in the Southern Illinois floodwaters.

CARD OF THANKS

We wish to thank all our friends and neighbors for the many kindnesses shown us during the illness and at the death of our loved one, Mrs. Lucy E. Phipps. To those who sent flowers to express their sympathy or cards of condolence, or in anyway helped us at this time we are truly grateful.

Yoemen Defeated Rosebud 40-14; Yoelets Won 31-2

The Cameron Yoemen won their fourth district game Friday night by defeating the Rosebud Panthers 40-14.

The Yoemen took the lead early in the first quarter and increased it throughout the game.

Alton Fuchs was high point man with 15 and Glen Rosenberg second with 9.

The Yoelets, under Coach Willford, won over the Rosebud B team by a score of 31-2.

Cameron will go to Brenham to day to enter a tournament and will play their first game at 2:30 p. m. with the Brenham team.

Tuesday night, January 24, the Yoemen will play Taylor here and is expected to be the toughest team in the district. Cameron and Taylor are now tied for top place.

Mrs. John Wiltcheck is a medical patient in St. Edward Hospital.

TO THE CITIZENS of CAMERON

At the request of many citizens the City Council of Cameron makes this statement concerning the raise in the Sewer Service charge that became effective January 1, 1949.

In 1948 after a careful investigation of many other towns in Texas of approximately the same population as Cameron, we found that the sewer service charge in these towns was from \$12.00 to \$25.00 annually, with an average of about \$15.00.

With this information at hand in December 1948 the Council voted to increase our sewer charge from \$3.00 annually to \$9.00 for the following important reasons:

1. The \$3.00 service charge is no more than sufficient to service the present outstanding sewer bonds.
2. By increasing the charge we will be able to build up our sewer fund and thus enable the Council to properly maintain our present system. We have not been able to do this with the very limited funds available.
3. The \$9.00 service charge will enable us to meet the constant demand for small extensions to our present systems, thus eliminating our greatest health menace, the out door toilet.
4. By gradual extension of our sewer facilities to all parts of our town, we may soon be able to meet the rigid Health and Sanitation requirements of the State Department of Public Health.
5. We can do these things with the slight increase in our sewer service charge, and the Council believes that this will make Cameron a better town and a more desirable place in which to live.

The problem of sewer maintenance and expansion is only one of the many problems that will have to be met by the citizens of Cameron in the very near future. Careful investigation, close study and intelligent planning will solve the problems and make of Cameron the town that we would like for it to be.

Yours very truly,

Pontiac Displays Its Super-Sleek 'Catalina'

Pontiac's rakish, stylish Catalina models offer the lithe grace of the convertible with the comfort and all-weather adaptability of a sedan. Catalinas are available in Super-Deluxe and Deluxe models and differ in color choice and interiors. Illustrated is the Super-Deluxe in Ivory and Sierra Rust with matching leather upholstery and interior decor.

20 LETTERMEN—

(Continued from page one)

Following lettermen who will form the Yoemen team in 1950 are: Eddie Lankford, Denson Ermis, Glen Rosenberg, Alton Logan, Frank Malone, Eldon Batte, Joe Johns and Bobby Stanislav.

Here are the twelve seniors who have played out their eligibility: Jimmie Thompson, James Kahler, Charlie Michalka, Ed Maas, Louis Hollas, Bill Neeley, Alton Fuchs, Gordon Gibson, Ralph Michalka, Melroy Eixman, Earnest Batte and Tommie Michalka.

The two managers receiving awards were Ralph Gurecky and Eugene Polzer.

Mr. Layfield, principal of the high school and C. L. Canady, principal of the Ada Henderson school were presented blankets along with the squad.

Toastmaster Collins introduced Coach Williford who in turn introduced the B and C squad or as he stated, "the future Yoe High team".

Mr. Haines, superintendent of Yoe High School, in showing the appreciation of the school presented coaches, Paul Smith, Dick Young and Gene Williford with jackets. Mr. Haines stated that "Dick Young is to Yoe High School what H. N. 'Rusty' Russell is to SMU".

Gordon Gibson and Alton Fuchs, co-captains of the 1949 football team presented coach Smith, Young and Williford and Mr. Haines, Mr. Layfield and Frances Cox, the band director, with gifts of appreciation from the members of the football squad.

Mr. Collins introduced John R. Hays to speak for the football fans of Cameron, who made a short and impressive talk. Mr. Hays presented gifts as token of appreciation from the fans of the community to the following: Frances Cox, Gene Williford, Mr. Layfield, Mr. Haines, Mr. and Mrs. Dick Young, Mrs. Haines and Mr. and Mrs. Paul Smith.

Coach Smith introduced the main speaker, who was his coach at the Masonic Home in Fort Worth during the years 1932-1935, and who is now assistant coach at SMU, H. N. "Rusty" Russell. Mr. Russell said that Paul is fine and dependable and that he is as fine a character as the boys could have for a coach or a leader in the community.

Mr. Russell stated that in his experience for a boy to make a good football player he must have a good head or intelligence, character and love for the game.

The final part on the program was the showing of Notre Dame-SMU football game

Mrs. George Collier and family of Cameron visited her husband who is a patient at McCloskey Hospital in Temple Sunday. Friends of Mr. Collier will be glad to know he is some improved after having an operation Thursday of the past week.

US TO HALT FLOW OF SURPLUS FOODS

The Department of Agriculture Wednesday called a halt to the flow of surplus, price-supported foods which it has been shipping to Texas schools and charitable institutions.

The announcement, which affects school lunch setups over the state, was made in Dallas by John J. Slaughter, field supervisor for the food distribution program of the Production and Marketing Administration.

He said the agriculture act of 1949 leaves the department without funds to pay freight on the surplus foods and limits the items it can give away.

The department Wednesday offered an "unlimited supply" of Irish potatoes to nonprofit groups who are willing to pay freight and handling costs from Colorado. And Slaughter said it would from time to time announce other foods available for lack of a market.

"But the amount is not expected to be great at any time, or continuous," he said.

Basic commodities and a few non-basic ones which were formerly offered free now are governed by Section 416 of the agriculture act, he said. The department may give them away only when they are in danger of spoiling, when no storage space can be had or when "other conditions warrant it."

Future Homemakers Of Sharp In Meeting

The Future Homemakers of the Sharp Chapter met Friday, Jan. 13, at 1 p. m. with Sue Drummond, president, presiding. All members were present. There were two guests present, Mrs. Evelyn Faulkner, past FHA member, and Mrs. J. M. Walker, club mother. The secretary, Juanita Cryer, gave the minutes, and they were approved. Arlene Janze, treasurer, gave a financial report.

The group discussed a trip to Caldwell to a District II Meeting. Beverly Garner was elected candidate for district officer. Loreta Walker was elected voting delegate.

Reports from the club-sponsored cold drink machine were given by Miss Dorothy Kuhn, sponsor, and a new committee was appointed to care for it. On the committee are W. R. Bunker, F. T. Nines, Marietta Collier, and Joyce Sigsby.

A committee for degrees of achievement was appointed by the president. Members of the committee are: Juanita Cryer, chairman; Martha Garner, Floy Caffey, and Rosemary Burks. Those working on junior degrees are Loreta Walker, and Beverly Garner.

FIVE MILLION—

(Continued from page one)

derford of Belton, F. W. Beaumann and Roy Smith of Killen, and Mayo Holt of Gatesville.

"The office of the chief of army engineers has stated that the Belton dam and reservoir is one of the most important flood control projects in the United States at the present time," Mr. Mayborn told the house committee.

He noted that the present location of the dam has been recommended for 20 years as the best site possible for a flood control dam, and that engineers say it is impossible to have an adequate flood control program on the Brazos river system without the Belton dam.

"This dam was considered as one of the three most important dams on the entire Brazos river watershed from the beginning of the initial stages of planning the control of flood waters of the Brazos river," he pointed out.

The Leon river watershed above the point of junction with the Lampasas, has an area of 3,583 square miles. Mr. Mayborn noted, and together with the Little river has a watershed of 7,300 square miles.

"The word 'Little' is a proper name of the river," he remarked, and has no connection nor reference to its size, unless it could be said that it is too little to carry the flood water of this stream during times of flood."

Yoemen Win Over Calvert A and B Squads

The Yoemen rolled up another basketball victory last night in Calvert by defeating the Trojans in a practice game 28-15. The tired Yoemen who have functioned every night this week were badly off on their passing and shooting and if they are not sharper tonight against Rosebud they may lose their first district ball game. Fuchs and Rosenberg led the Yoemen scoring.

In the B game, Coach Gene Williford's Yoelets looked more like a ball club in downing the Calvert B team 31-22. Bantley Braden with 9 points was high with Alton Logan close with 7 points. Eddie Lankford, Earl Johnson and James Jenkins stood out among the 16 players used in this game.

Tonight in the Yoe High gym the Yoemen resume district competition when they tackle their arch rivals, the Rosebud Panthers, the Yoemen will be fighting to retain their lead in the district race and shooting at their tenth victory of the season.

The B team game begins at 7 and the varsity game at 8.

Milano Man To Teach In Port Arthur

Leslie Mullins of Milano has accepted a teaching position in the Port Arthur Elementary School, Dr. Pat Norwood, director of the Teacher Placement Bureau at Southwest Texas State Teachers College, announced this week.

Established as a non-profit organization for students seeking jobs, the placement office annually obtains jobs for between 300 and 400 graduates in teaching and other professions.

Bids On Dam Not To Be Opened Until February 16

Bids on Belton reservoir work will not be opened until Feb. 16, the Galveston engineers district office announced today. The bids were originally scheduled for opening Jan. 25.

The two and a half million dollar contract, largest to be let on the project to date, will call for construction of outlet works and a service bridge.

The outlet works will release flood waters and will be reinforced concrete with three intake openings, each controlled by an electrically-operated gate. A control tower about 20 stories high will house the gate mechanism.

Rockdale FFA Boys Enter Houston Contest

The Rockdale FFA chapter will be represented by three boys in the grass judging contest to be held at the Houston Fat Stock show in February.

Boys on the Rockdale team are James Caffey, Billy Tom McDaniel and John Sapp.

Mr. and Mrs. Stone Garner of Hillsboro spent the week end here with his parents, Mr. and Mrs. H. E. Garner.

Mr. and Mrs. Leland Green, Sr. spent Sunday with her brother and family, Mr. and Mrs. Carroll Pearce in Marlin.

Mr. and Mrs. Earl C. McFarland and son and daughter visited Mr. and Mrs. E. R. Hearne and children in Caldwell and Mrs. and Mrs. Grady Goodwin and son and daughter in Bryan Sunday.

Rudolph Mayer, son of Mr. and Mrs. Rudolph Mayer, Sr. is among the patients ill in Newton Memorial Hospital.

Like ripe olives, some people love bread pudding, others abhor it. Molasses Bread Pudding, because of its high flavor, will convert the bread pudding-haters in your family. It contains plenty of body-building iron. Arrange 10 slices diced stale bread in a well-greased baking dish. Beat together 2 eggs, 3 tbsps. molasses, 2 tbsps. sugar, ¼ tsp. salt. Add 2 cups scalded milk. 2 tbsps. melted butter and pour over the bread cubes. Put baking dish in pan of hot water and bake in moderate gas oven of 350°F. for one hour or until firm. Serves 6.

A coarse quarter-inch wire mesh fastened under the register of your gas floor furnace will catch dust particles. Clean it occasionally to keep free passage for hot air.

Added flavor for gravy: Stir in a bouillon cube while the gravy is cooking.

Store meat or poultry unwrapped in your gas refrigerator because contact with the air delays spoiling.

The rusty scale that drops down from the bottom of your automatic gas water heater should be brushed off the burner about twice a year.

While your noodle soup is simmering on the top burner, add chopped green pepper and chopped pimiento. Or parsley can take the place of the pepper.

JAMES HOWARD KIRK DIED IN EL PASO

James Howard Kirk, 24, a native of Milano died in an El Paso hospital at 11:00 a. m. Thursday 19, 1950.

Kirk, who had been employed in on oil fields at Van Horn for the past two years was fatally injured Wednesday morning while working near a drilling rig. A portion of the equipment became dis-engaged and a tongue crashed down on his head.

Mr. Kirk was the son of the late Marvin Kirk and Mrs. Marvin Kirk of Milano. Other survivors are four sisters: Mrs. J. B. Williams, Nellie Jean, Joe Ann and Peggy Kirk all of Milano and six brothers: Thomas Kirk, Silas Kirk and Arnold Kirk all of Cameron and Virgil Kirk, Andrew Kirk and Jerry Kirk all of Milano.

He will be buried with funeral services from Phillips & Luckey Funeral Home in Rockdale, the body being due to arrive there early Saturday. The hour of the funeral is pending.

Mrs. Leah Carter and son Wilton of Corpus Christi visited in the home of her sister Miss Cora Baggett last week.

GOVERNOR REVIEWS HOSPITAL PROGRAM

By ALLAN SHIVERS
Governor of Texas

Next Tuesday, January 31, the Texas Legislature will meet in special session to make preparations for our state hospitals. The bill for food, clothing, medical care and badly needed buildings and repairs will run at least \$25,000,000 for the year beginning next September 1.

That is a lot of money—especially when the State doesn't have it, as it does not at the present time.

Letters coming to the Governor's Office from over the State indicate that a good many citizens do not fully understand the present situation. The Governor is often called upon to answer such questions as these:

1. Why is it necessary to have a special session of the Legislature?
2. Why wasn't the state hospital program properly financed at the regular session a year ago?
3. Why do we say that the State has no money for the hospitals, when the Treasurer's Report shows we have around \$50,000,000 in the General Revenue Fund and about \$120,000,000 in other state funds?
4. What went with that \$100,000,000 surplus we were supposed to have had a year ago?
5. Why can't the appropriations for other things be reduced so as to provide funds for the eleemosynary institutions without raising taxes?

These are perfectly logical questions, and they deserve logical answers. To inform the people about this problem, which is theirs just as it is the Legislature's and the Governor's, here are some of the pertinent facts of the situation.

To begin with, our State hospitals are badly run down. Little has been done in a number of years to improve, add to or even maintain the buildings at Austin, Abilene, Wichita Falls, Rusk, Terrell, San Antonio and other long-established hospitals for mental cases and epileptics. The tuberculosis hospitals at Tyler and Mission are old army camps; the Mexia hospital for seniles and mentally deficient children is a former German prisoner of war camp.

Some places are worse than others, but in general we find the hospitals badly overcrowded and many buildings unsafe. The Board for State Hospitals and Special Schools, which has charge of these institutions, estimates that it would take more than \$40,000,000 just to eliminate the fire-traps and add enough buildings to care in an adequate way for the unfortunate people who are in these institutions today. I have personally inspected nearly all of these hospitals.

This is not a problem that developed overnight, but one that has been building up over a long period of years. The Legislature tried in 1941 and again in 1943 to do something about the building needs. One appropriation was vetoed by the then Governor; then the war came along and the building program was shelved for the duration.

The late Governor Jester recognized the crying needs of the state hospitals for more buildings, more doctors, more nurses and better facilities for treatment. He advocated a large appropriation for buildings, as well as a larger operating budget. The Legislature last year was sym-

pathetic with his ideas, but heavy appropriations for other purposes used up most of the available revenues. On top of that, a sharp cut in Texas oil production caused an estimated \$22,000,000 drop in tax receipts.

Announcing he was not satisfied to see the job only halfway done, Governor Jester vetoed the state hospital appropriations for the second year of the biennium (the year September 1, 1950, to August 31, 1951). At the same time he promised he would call the Legislature together in January 1950 to provide for the state hospital operation and building needs.

A few days after that promise was made, Texans received the shocking news that Governor Jester was dead. His promise, however, must be kept. Otherwise, when another fiscal year begins next September 1, there will be no funds for food, clothing and care for more than 23,000 people who are now in our insane asylums, tuberculosis hospitals, epileptic hospital and the special schools for the blind, deaf and otherwise physically handicapped.

I think these facts will suffice to answer the first two questions: Why is a special session of the Legislature necessary, and why hasn't the Legislature already provided the necessary funds? Actually, as has been shown, two questions are one and the same. The thing that matters most now is that the funds have NOT been provided—and they must be.

What happened to the State's money? In another article I will attempt to answer that question with official figures from the State's books. The people of Texas certainly have a right to know.

Ray M. Woolbright Will Receive Degree

Ray M. Woolbright of Cameron is among 74 students at Southwest Texas State Teachers College expected to receive degrees at the mid-year Convocation on Sunday, Jan. 29.

Dr. John G. Flowers, president of the college, will deliver the graduation address. This will be the first time that graduation exercises have been held at the end of the January term in San Marcos. The change has been made necessary because of the large graduating classes finishing at the end of the school year.

Midterm graduates will be asked to return to the campus for the formal graduation exercises in May.

Woolbright will receive the degree of bachelor of business administration.

Work on White Way To Begin

With pole position already marked street light installation crews will move into Killeen Monday and begin work on setting up Killeen's new white way, Tucker Wysche, district manager for Texas Power and Light Co. announced this week.

Forty mercury vapor lamps will be installed in the downtown area. The lights will be staggered in order to provide a uniform amount of light. The vapor lights will provide about three times as much light as the usual lighting systems.

SFC Walter Burkeen In Yokohama, Japan

SFC Walter B. Burkeen, son of Mr. Mose M. Burkeen, Route 1, Box 186, Cameron, Texas, is now serving as field first sergeant of the 519th Military Police Battalion.

Stationed in Yokohama, Japan's major port city and seat of the headquarters of the Eighth Army. Sergeant Burkeen is filling an essential job with the Army's Occupational Forces. His organization, operating with the efficiency of a large metropolitan police force, covers the metropolitan Yokohama area with foot and jeep patrols equipped with two-way radio contact with the Central Police Station.

To occupy his leisure hours, he has access to theaters, clubs, libraries, evening classes, a gymnasium, bowling alleys, volley ball and tennis courts, a golf course, as well as the picturesque scenery of this ancient country.

Entering the Army in 1935, he arrived in Japan in March 1949. He attended Branchville High School in Branchville, Texas.

E. A. Hairgrove of Houston is a medical patient in Newton Memorial Hospital. Mr. Hairgrove is a brother of O. L. Hairgrove of Cameron, agent for the Travelers Casualty Insurance Company here.

Milam County People Invest in Savings Bonds

The people of Milam County invested \$276,205.75 in U. S. Savings Bonds during 1949, according to the annual sales report received today by Henry Siebman, county Savings Bonds chairman, from Nathan Adams of Dallas, state chairman. This compares with sales of \$300,343.50 for 1948.

Of the 1949 total, Series E, the so-called "people's bond" accounted for \$213,673.75, as compared with \$222,603.50 E bond sales in 1948. Series F and G sales were \$62,532.00 as compared with \$77,740.00 in 1948.

Total sales for the entire state

were \$191,499,089, as compared with \$196,449,280 in 1948. Mr. Adams' report said. This is a decline of 2.5 per cent. However, Mr. Adams declared that sales last year were highly satisfactory in view of economic trends and because of a 3.9 per cent increase in the sale of E bonds, from \$139,591,216 in 1948 to \$145,114,738 in 1949. Series F and G bonds accounted for \$46,384,351 of the state's sales total last year.

Mr. Adams said that the people of Texas today hold more than \$1.5 billion in Savings Bonds, a substantial share of which are owned by citizens of this county. These savings, he added, give the community, as well as the individual owners, a high degree of financial stability.

St. Rita Circle Meet Simon-George Hall

The St. Rita Circle met in Simon-George Memorial Hall Wednesday, January 18 with Mrs. David Shapiro and Mrs. L. J. Matula as hostesses.

The newly elected officers as follows held the meeting, Mrs. David Shapiro, president; Mrs. Paul Dillon, vice president; Mrs. A. K. Gurcey, secretary and treasurer and Mrs. L. J. Matula, reporter.

Mrs. Med Swain and Mrs. William Balhorn, Sr. were appointed to represent the St. Rita Circle at an organization meeting in the District court room January 23 to discuss plans for a mass tuberculosis survey

in Milam County in March.

Following the business discussion the hostesses served delicious gingerbread topped with whipped cream and hot coffee.

The next meeting will be February 1 with Mrs. Med Swain and Mrs. John Matula as hostesses.

Mr. and Mrs. Harry Rummel of Dallas spent the week end in Cameron visiting relatives and friends and attended the wedding of Mr. Rummel's sister, Miss Fay Rummel who became the bride of Edwin Kohutek in a ceremony Saturday evening.

Mrs. Jim Barrett is ill and a patient in Newton Memorial Hospital.

Fay Rummel Bride Of Edwin Kohutek

Miss Fay Rummel, daughter of Mr. and Mrs. John Rummel of Burlington became the bride of Edwin Kohutek, son of Mrs. John Ondrej of Cameron in a ceremony performed at the St. James Evangelical and Reformed Lutheran Church at Vogel-sang at 6 o'clock Saturday evening. Rev. F. C. Anderson, pastor of the church read the double ring ceremony.

The couple was attended by Mr. and Mrs. Willie Stall of Ben Arnold. Mrs. Stall is a sister of the bride.

The bride was beautifully attired in a grey tailored suit with navy accessories. Her corsage was of white Gardenias.

Following the wedding a reception was held at the home of the brides parents at Burlington. A lovely three tiered wedding cake with a miniature bride and groom was the centerpiece for the table.

Mr. and Mrs. Kohutek will make their home at the Clark's apartment on West 7th street in Cameron.

The bride is a graduate of Fields Beauty School in Dallas and was employed with the Richards Beauty Salon in Temple before returning to Cameron where she is manager of Lina's Beauty Shop.

The groom served three years in the U. S. Army and now has a position with the Porbusky Garage in Cameron.

Mr. and Mrs. Harry Rummel of Dallas were out-of-town guests for the wedding.

Miss Coker And Mr. Cornell Say Vows

Miss Gloria Mae Coker, daughter of Mr. and Mrs. S. D. Coker of Heidenheimer became the bride of Walter F. Cornell in a double ring ceremony read at the home of Rev. Wallace Gooch in Temple January 1.

Mr. Cornell is the son of Mr. and Mrs. W. F. Cornell of Des Moines, Iowa.

The bride wore a brown taffeta suit with winter green accessories. Her corsage was an orchid.

Following the wedding a reception was held at the home of the brides parents.

Mrs. Cornell is a graduate of Temple High School. The groom served 19 months of his two years with the Navy overseas, and has recently completed three years with the Army.

The couple left immediately for Des Moines, Iowa where they plan to make their home.

The bride is the granddaughter of Mr. and Mrs. John Steele of Cameron.

Mrs. "Nig" Moody Honored With Shower

On Friday afternoon, January 13, Mrs. "Nig" Moody was guest of honor at a party given at the home of Mrs. H. N. Tate. Mrs. M. A. Hearne and Mrs. Earl Angel assisted Mrs. Tate as hostesses.

The party was almost a complete surprise to Mrs. Moody, who unwittingly arrived early. The thirty other guests, Home Demonstration Club members from over the county, entered by a side-door and handed their gifts to a hostess.

When all were assembled in the living room, Mrs. C. G. Muston entered with an arm-chair decorated in pink and blue and placed it where everyone could see it. Then she introduced the guest of honor as "Her Royal Majesty Isabelle Moody" and asked her to sit on the improvised throne.

Mrs. Tate placed the crown upon the "queen of the party." The crown was fashioned of baby blue crepe and had in the center-front a gold pin inscribing the word "Mother".

Then Mrs. Zeke Brod directed a contest called "Flowers for Baby".

Next the "court" was entertained by the "court jesters", Mrs. Robert Glenn and Mrs. Floyd Mullinax, who wore "fool's caps" and drank soda pop from bottles with nipples.

After this stunt and in quite a different vein, Mrs. R. L. Batte paid a lovely tribute to Motherhood, read some of her own very excellent poetry, and paid a high complimentary tribute to Mrs. Moody herself.

Finally, the "court pages" were summoned, and they brought in a large pink-and-blue basket holding twin dolls and a multitude of beautifully wrapped packages. In addition, a wheel-barrow lined with linen was rolled in. It, too, was overflowing with packages.

After Mrs. Moody had opened her gifts and had shown them to the other guests, the hostesses served an attractive and delicious refreshment course.

Mrs. Tate's livingroom and dining-room made a lovely setting for the party. Of particular interest among the decorations was an enormous stork, actually holding a doll in a diaper.

Mr. and Mrs. Jimmy Wiggs of Goliad were week end guests of her parents, Mr. and Mrs. George Childress. Mrs. Childress returned with them for a visit the past week. Mrs. Wiggs is the former Charlotte Childress.

The Cameron Herald January 26, 1950

Couple Marks 50th Wedding Anniversary

Mr. and Mrs. Robert Menn of Rockdale observed their 50th wedding anniversary Monday. The children of the couple honored them with a dinner at the family home on Sunday, when a large gold and white decorated wedding cake formed the table centerpiece.

The couple reside at their country home in the Bushdale community where they have reared their children. Mr. Menn has farmed through much of his life and he and his wife were in the grocery business in Rockdale for several years, having purchased the old Farmers Union store and warehouse when that group dissolved.

The place was destroyed by fire some 12 years ago and Mr. Menn has attended to farming interests since then.

Sunday the couple, their children and families attended Peace Lutheran church services, and Mrs. Menn was presented a life-membership pin by the missionary society of the church.

Immediate members of the family and many of the grandchildren were at the dinner. Numerous friends and relatives called at the home in the afternoon for coffee. The parents of Mr. and Mrs. Menn were among the pioneer families who settled the Bushdale community before Rockdale was founded. Mr. Menn is 74 and his wife is 71.

Woodman Circle 996 Installs Officers

Woodmen Circle 996 recently met at the home of Mrs. Wright Price, Sr.

The living room of the Price home was beautifully decorated for the occasion.

Installation of officers was held and the following officers were installed: President, Mrs. Leo Lanke; First Vice President, Mrs. Angeline Allen; Second Vice President, Mrs. Edwin Adams; Attendant, Mrs. Henry Brown; Assistant attendant, Satena Nesbit; Treasurer, Mrs. Wright Price; Chaplin, Mrs. Sam Houston; Secretary, Mrs. Henry Johns; Musician, Mrs. Mazie Price.

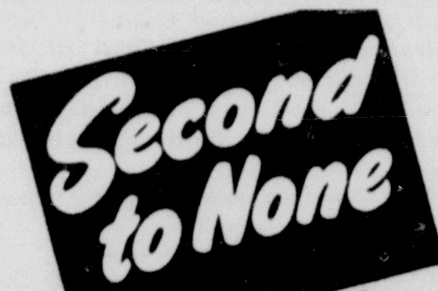

The hostess was assisted by her daughter, Nora Frances in serving a delicious chicken salad plate with sandwiches, potato chips and coffee.

Cameron Bride Is Honored With Shower

Mrs. E. J. Provasek recent bride, was honored with a miscellaneous shower at the home of Mrs. Charlie Litzman at Burlington Tuesday afternoon.

Mrs. Walter Marek, Jr., was co-hostess. About 50 guests attended.

After games were played, the hostesses served a refreshment plate of chicken salad, white cake squares, pickles, olives, potato chips, and coffee. The plate favor, a split marshmallow with a yellow candy ring inside, was a replica of the wedding band in a box.

Aliens Are Required To Register For Draft

The word alien means a person who is a citizen of the United States or a person who, though not a citizen of the United States, owes permanent allegiance to the United States. Section 611.0 (a), Selective Service Regulations, states "Every male person who is between the ages of 18 and 26 and who enters the United States, with the intention of staying and becoming a citizen of the United States, shall present himself for and submit to registration before a local board within the period of five days following the date on which he enters the United States."

Therefore, every male alien in the United States is bound by law to register under the Selective Service

Act of 1948, with the exception of the following aliens: A foreign diplomatic representative; a full time official or employee of a foreign government; a member of a group of persons admitted temporarily as laborers; a student who will remain only temporarily. These persons must have in their possession, at all times, papers and identification to support their claim or reasons for not registering.

Local Board No. 92, Cameron, Texas, on January 12 registered a Latvian, who came to the United States as a farm laborer and who intends to make Milam County his permanent home.

Mrs. Nadine Sapp has returned to her home in Cameron after pleasant visit with her son, Clayton Sapp of Corpus Christi.

Soil Conservation Making Progress

Ed. B. Moerbe in the Thorndale Conservation Group, was assisted in planning a coordinated soil and water conservation program for his farm this week. He has 10 acres of clover that is up to a good stand that he expects to keep for seed. He plans to plant 1-4 of his land to hubam clover each year for seed and mostly for soil improvement. Hubam and biennial clovers, such as evergreen and madrid, penetrate the soil deeper than any other of the annual legumes. When the clover is plowed under the roots that are left in the lower depth of the soil loosen it up and cause it to take in more water; also, food for crops is placed deeper in the soil. The capacity of the soil is increased by this method because extra food and water is stored in the soil.

One waterway each was staked off this week for L. L. Worley and Jim Stewart in the Kolb's Crossing Conservation Group. One of those waterways will be used for pasture as well as for a protected place to outlet terrace water. Wide waterways are more usable than designed small ditches. A great deal of maintenance is necessary for small ditches since ground cracks, weeds and silting may cause failure. When this is done a solid sodding job, which may have to be tied down until the grass has taken root, is necessary. On the other hand, wide waterways are less likely to need repairs in case repair is necessary, the repair can be made by shifting the course of water to another part of the waterway where grass is already growing. In general, a wide waterway is only about twice the size of a designed ditch. Most of the time wide waterways need not be shaped, and since the cost of shaping small ditches is a part of the cost of establishing a waterway, it is cheaper to include extra land in lieu of shaping, and make a better waterway because of the width.

Jim Lanning of Rockdale, who has a farm in the Kolb's Crossing conservation group, has 10 pounds of King Ranch bluestem seed to plant for seed this spring. This King Ranch bluestem seed will not be planted until after danger of freezing weather is past.

Elmo Bauerschlag of the Conoley conservation group near Thorndale has ordered two pounds of Kings Ranch bluestem seed to be planted on an old field this spring. King Ranch bluestem grass furnishes grazing during all the warm weather seasons of the year. This is a very hardy grass and crowds out nearly all other competition. It is deep rooted—the roots penetrate the ground from 8 to 12 feet—and utilizes food and water that many other plants never reach.

Hoyte Demonstration Club Plans For 1950

The Hoyte Home Demonstration Club held their second meeting of the year in the home of Mrs. John McLerran.

Thirteen members and three visitors were present for the meeting. Mrs. Cladia Muston gave the IDHA report in the absence of Mrs. Hugh Wimberly. A get well card was signed by the guests and mailed to Mrs. James Elrod who has been ill for some time in St. Edward Hospital. The year book was brought up to date, and plans to improve the club in 1950.

The hostess served delicious angel food cake, coffee and cocoa.

Gladys Pierce, a member of the Little River School faculty is among the patients ill and in Newton Memorial Hospital.

Loss of Social Security Problems

Loss of social security benefits, particularly to 65 year old retired workers, continues to be a major problem, according to James B. Marley, manager of the Austin Social Security Administration office.

"The smart thing for a worker to do," said Mr. Marley, "is to contact the social security office when he is 65 and discuss his particular problems with us. Financially successful people apparently became successful because they did not over-look their opportunities. We find that very few financially successful workers lose their benefits."

Mr. Marley explained that social security claims may be back-dated for a period of three months only

and that workers who do not check into their rights within three months after they first become eligible may lose some of the benefits they have paid for.

"The social security office," Marley concluded, "is a good place for a worker to spend a part of his 65th birthday. Our job is to help workers collect all the payments they are entitled to. However, we can't do this unless the worker comes in and talks it over."

The Cameron Herald January 26, 1950

Mrs. James Elrod who has been ill in St. Edward Hospital is much improved and is now able to take over duties at her office with the Milam County Farm Bureau here.

Jimmy Markham, little son of Mr. and Mrs. Calvin Markham has returned home after being ill in St. Edward Hospital.

Kills Oleo Tax Now To House-Senate

The Senate tonight passed the House-approved bill to repeal the Federal oleo tax after snoring under repeated efforts to riddle the measure with civil rights and excise tax cut amendments.

The vote was 56 to 16. It was the first measure approved by the second session of the 81st Congress.

It would erase the 10-cent-a-pound Federal tax on colored margarine and the quarter-cent levy on the white product, effective July 1 this year. It also would eliminate special handling and license fees.

The taxes have been in force 64 years.

At the insistence of dairy State Senators, the Senate wrote in an amendment requiring sanitary tests under the Pure Food and Drug Act

—of the ingredients going into both oleo and butter.

Southern Senators, who favored oleo tax repeal because it may mean a bigger market for cottonseed, joined Administration Democrats in voting to table the amendments.

The measure now goes to a joint House-Senate Conference Committee to iron out differences between the House and Senate versions. President Truman campaigned on a promise to repeal the oleo tax and is committed to sign the bill when it reaches his desk.

The House approved the bill last season but it remained locked in the Senate Finance Committee until Congress returned this month.

Mrs. Fred Neal is a medical patient in Newton Memorial Hospital.

Mr. and Mrs. Buck Bonds visited in Fort Worth the past week end.

YOEMEN WIN TROPHY; MEET TAYLOR TUESDAY

Saturday in Brenham the Yoemen basketball team won the consolation trophy in the Brenham invitation tournament.

The Yoemen lost to the clever Brenham Cubs in the first round 37-27, but came back strong to rout LaGrange 39-21 in the Consolation finals.

Gordon Gibson, Alton Fuchs, Glenn Rosenberg, Frank Malone, Eldon Batte, Eddie Lankford, James Kahler, Earl Johnson, Alton Logan and Bentley Braden all received awards of silver medals.

Tuesday night in the Yoe High gymnasium the Yoemen will face the severe test of the year when they tackle the unbeaten Taylor Ducks. This game will probably be the turning point of the season, with the victor an almost cinch to capture the district crown.

This promises to be one of the most entertaining games of the year and a large crowd is expected to attend.

Charles Brady Attends Photographic Course

Charles Brady of Cameron attended a three-day photography workshop at East Texas State College, January 18 through 20.

Conducting the workshop were Rus Arnold, free-lance photographer of Chicago, Ed Miley of the Dallas News and Otha Spencer, director of photography at East Texas State. Some thirty professional and non-professional photographers from Texas and Arkansas attended the course. Mr. Brady is an associate of the B. & B. Studio in Cameron.

Mrs. Walter Harris and Verna of Cameron and Mr. and Mrs. Vernie Miller spent Sunday visiting Mr. and Mrs. George Gamble at Sharpe.

Central Texas Boxers At Austin-Cameron In Regional Fight

A busy week is in store for Central Texas boxers, mostly of the high school and novice classes, with the Golden Gloves regional tournament slated to begin its four-night stand Tuesday evening in Austin's City Coliseum and Cameron's exhibition boxing matches slated for Wednesday and Thursday. Novice-high school division and open division champions crowned in Temple's recent Golden Gloves district tournament are eligible to enter the Austin regional meet in addition to a few other especially invited Central Texas leather-slingers.

Since a few members of Killeen's high school district championship team may compete at Cameron instead of Austin, the Central Texas team may have a few changes in its lineup for the regional tourney.

Coach Leo Buckley of Killeen said yesterday that the district light heavyweight champion, Romaine Stubblefield, preferred not to compete at Austin, so that qualifies runner-up Buster Duty of Temple. Middleweight champion Gibbs of Killeen is also doubtful, so either one of the two Tutor boys from Temple, both of whom reached the semi-finals there, is likely to make the trip to Austin.

Competing in the open division at Austin will be bantamweight Vincent Perez of Temple, featherweight Brantley Reece of Killeen, lightweight James Hinkle of Temple, welterweight Jimmy Gossett of Camp Hood, middleweight Douglas True of

Killeen; light heavyweight Jerome Becker of Temple, and heavyweight Jack Barron of Killeen. Austin open champions will qualify for the state Golden Gloves meet at Fort Worth Feb. 15-20. All their expenses will be paid for the trip.

The Cameron exhibition tourney promises to be close and exciting and very similar to the Temple district meet since most of the same novice and high school boxers will fight. Cameron will have 15 or 20 boys entered, Belton will take at least a dozen boxers, and Killeen will have 10 or 12 mittmen too. Bryan will enter too. Coach Paul Smith is in charge of the meet.

Sunday guests in the home of Mr. and Mrs. John Tindall were E. H. Walston of Marlow, Miss Clydell Walston of Lamarque, Miss Hazel Rae Choate, who is a student at Baylor University in Waco.

Girl Scouts Plan Annual Meeting

The Texas Colorado Lakes Area Council of Girl Scouts will hold its Annual Meeting Wednesday, January 25th at 7:00 p. m. This meeting which is for all members of the eighteen county Area Council, will be a dinner meeting in the Crystal Ballroom of the Driskill Hotel, Austin. Reservations for the dinner (\$1.50) can be made by contacting the Girl Scout office before January 25.

Election of new Council members will be held at this time, and the annual report will be made. Girl Scouts from the area will take part in a program, with the theme "Come Along With Us in Democratic Partnership". Mrs. Violet Spiller, Austin, is chairman of arrangements.

BANISH SUDDEN TEMPERATURE CHANGES with Flue-Vented gas heating appliances

If you are heating only one or two rooms, you are exposing yourself and your family again and again to sudden temperature changes, which make you susceptible to taking cold.

Anything that can help stop colds, the forerunner of many serious sicknesses, is of vital importance.

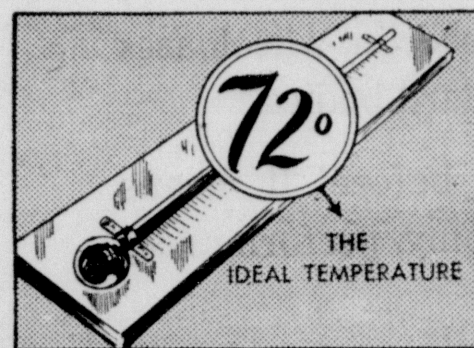

Protect your family against sudden changes in temperature indoors. Give them healthful, pure warm air in every room with flue-vented gas heating appliances.

You have only to ask an owner of flue-vented gas heating appliances to be convinced of the value of this health protection.

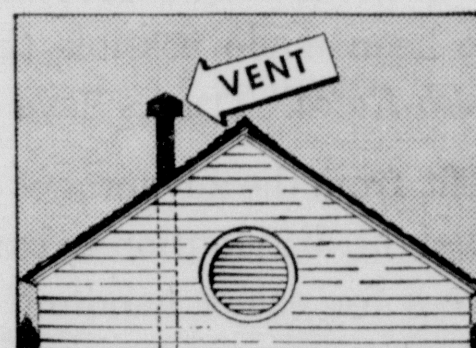

Your good health and that of your family is your most desirable possession. Don't go another week without health protection of flue-vented gas heating. Investigate closet-type central furnaces, wall furnaces, floor furnaces, gas-steam radiators and other modern flue-vented gas heating appliances for the health protection of your family, today.

AUTOMATIC FLUE-VENTED HEATING APPLIANCES WORK THREE WAYS TO PREVENT COLDS:

Only flue-vented gas heating equipment can be equipped with automatic thermostatic controls. Automatically these controls maintain the ideal temperature, protecting you against common colds and more serious sickness which may follow.

Flue-vented gas heating equipment is designed to give you positive air circulation. Doesn't just "throw out" heat. Result: No frigid floors. No chilly corners. No cold feet when flue-vented gas heating equipment is installed throughout.

Air is noticeably fresher because products of combustion are carried off through the vent to the out-of-doors. Wall and window sweating is eliminated.

New Models... New Values!

"Job-Rated"...yet priced with the Lowest

Look At What You Get For What You Pay ...
The Result of Dodge Engineering Leadership

1. AN ECONOMICAL TRUCK ENGINE

An engine designed and "Job-Rated" to develop power for 1½-ton truck loads ... NOT the same engine used in lighter trucks.

2. NEW SYNCHRO-SHIFT TRANSMISSIONS

New Dodge "G" models (1½-ton) are equipped with "Job-Rated" 4-speed silent helical gear Synchro-shift transmissions. Smooth, easy and quiet. Get behind the wheel. Feel the difference! New 5-speed Synchro-shift transmissions also available.

3. BIGGER LOAD SPACE

Dodge trucks, engineered for balanced weight distribution, provide for maximum body length in relation to wheelbase. For example: A 152" w.b. model is "Job-Rated" for 10- to 13-ft. bodies.

4. SHORT TURNING DIAMETERS

Wide tread front axles, cross-type steering and short wheelbases provide shorter turning diameter, easy handling and parking.

5. "PILOT-HOUSE" CABS

Rear quarter windows and big 890 sq. in. windshield give safe all-round vision. Vent wings. The deep-cushioned comfort of a 57¼" Air-O-Ride seat.

The truck illustrated ... a Model "G" 1½-ton ... fits its job. It's "Job-Rated."

It has "Job-Rated" power ... a "Job-Rated" frame, transmission, clutch, axle, springs, brakes and tires.

The cost of operating this truck will be low. It will stand up on the job. Upkeep cost will be low. This truck will last longer.

Does such a truck cost more? Emphatically "NO." All "Job-Rated" trucks, ½-ton to 4-ton, are priced with the lowest in each weight class. Why not call us or come in today. We'll recommend the right Dodge "Job-Rated" truck for your job.

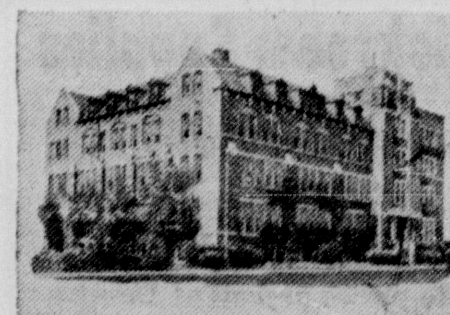

You'll be pleased at its low cost ... and the liberal terms, including a "good deal" on your used truck.

Dodge Model G-152 (illustrated) is one of 92 "Job-Rated" 1½-ton basic chassis models, with gross weights from 7,000 to 16,250 lbs. Available in 7 wheelbases, conventional and C.O.E., with 9-, 12-, and 14-ft. stake bodies and special bodies. Single-speed or two-speed axles.

Yoe High Homemakers Outline 1950 Program

Cameron Yoe High Future Homemakers have been busy.

An ever popular activity with the Homemakers is that of having a style show. In the limelight, this time, is the HM 11b Class with its style show of the garments which the girls made for their Home Projects this six weeks. Martha Nell Lewis modeled a dressy skirt and velvet top. The black velvet top which she made gave the outfit a dressy air. She cut off the skirt from an evening dress to complete the outfit. It is of aqua taffeta. Nora Partee made a skirt from black crepe material. Claudell Robinson made a jumper of Carol wool jersey. Nadine Clifton made pajamas. Mary Ann Glenn 'get ready for party' with a navy blue puckered crepe dress with wide collar and flared skirt. Edith Baldrige modeled a brown corduroy weskit with little hat made of the same material. The HM I class also made garments which were placed around the room to be judged for constructive criticism, so that each girl's garment might become better each time.

Since Homemaking includes other fields besides clothing, the classes have studied child guidance and related art also. They even discussed the possibilities of having a little nursery school later on in their work of observation of children of all ages.

In the field of home furnishings, two girls of the HM III class took it upon themselves to wash and iron a chair cover in the department, giving the chair a new look.

Most educational, was a film shown in regard to the March of Dimes Drive. This film was on the dangers of polio, when it strikes, how it strikes, and how many, many children are helped with the money given to the March of Dimes. Certainly, the minds of the girls were enlightened after having seen the film. Sargeants Pickeral and Caperton with Major Brown from the Recruiting Service of the Army brought the film from Waco for its special showing in the Homemaking Dept.

All the classes enjoyed a film "Shy Guy" that Mrs. Rosson had shown to her English classes. It was a good example of what makes a pleasing personality.

The FHA Goals are:

7. To inform the girls of the principles and activities of FHA.
2. To build better FHA Chapter by having a well-planned year round program.
- of activities publicizing the organization and having an active membership.
3. To train for leadership by providing opportunities for all members to participate in Chapter activities.
4. To learn and observe correct parliamentary procedure at the Chapter and Unit meetings.
5. To cooperate for better school surroundings and to help develop a better relationship between student and teacher.
6. To improve themselves.
7. To contribute to better home and family life through suitable recreational activities and through a better understanding of family members with one another.
8. To contribute to international good will.
9. To contribute to the recreational activities of the school and the community throughout the year.
10. To prepare themselves for careers.

Friends of W. B. Skelton will be glad to know he is some improved in St. Edward Hospital. Mr. Skelton is with the National Life Insurance Co.

ROSEBUD AND FALLS COUNTY REPORT

The City Council accepted the proposal of the family of Mrs. N. L. A. Asbury for right-of-way for Highway 77, at a called meeting held at 7:30 p. m. Tuesday. The street that runs in front of the Asbury home marks the beginning of the point where the right of way is widened forty feet, and this widening took in a large portion of the lot on which the home stands. Right of way through the heart of the city is 80 feet wide, but here it is 120 feet wide, making necessary an extra 20 feet more than the ten which most of the property owners donated.

The special consideration with respect to the Asbury property, namely the additional 20 feet, the fact that the right on the property, that it will necessitate the removal of large trees and other considerations outlined in their proposal made the city willingly agree to pay for the moving of the house and its re-setting in good order, plus \$1,000 for the land. This figure was arrived at after a full and free discussion in the council, and with the members of the family with the advice of private estimates and appraisers.

The necessary legal proceedings were begun at the called meeting to clear up, and make available the other properties in the city by regular legal procedure.

Robert D. Peterson, county attorney, in a conversation with The News reporter Tuesday, stated that the legal proceedings necessary to make available all of the right of way for which Falls county is responsible were already in progress, and that in due time, which he estimates at a few more days, the county's part of the right of way may be ready for the State Highway Department.

Editor's note: The News commends the city for accepting the proposal of the Asbury family, and commends the members of the Asbury family for making a proposal that the city could accept. It took a lot of "give and take" both ways. Certainly the family had to forget themselves and in the name of progress, give up something of great sentimental value more so than in any other instance that has come to the attention of this newspaper. The cash payment is a reasonable price for the extra 20 feet required by them. This home was one of the very first built in Rosebud, and in its present setting was a thing of beauty. If this cash payment causes some person who settled for no cash payment to think that he wasn't dealt with fairly, all he will have to do is to place himself in the other fellows position, and consider the facts. Then he will see that there has been full cooperation everywhere.

Cooperation is not just a sentiment. It is that, but it is also an economic necessity. The full realization of this fact by all parties concerned has helped to close this deal, and open up the right of way for Highway 77 through Rosebud.—Rosebud News.

TEXAS POWER & LIGHT—

(continued from page one)

of service on the transmission line network is planned for this year.

A new substation was built at West Waco, a new substation structure at the Waco plant and another at Waxahachie, where the old one had been destroyed by fire. Substation facilities at Temple, Taylor and Payne were enlarged and newly designed equipment installed.

More than 15,000 new customers were provided with electric service in 1949, bringing the total number served to more than 263,000 by the end of the year.

Extension of the Company's communications system promoted more

efficient service for TP&L consumers as 71 radio equipped vehicles, 11 portable battery-operated handie-talkie radio telephone sets, and six fixed radio stations were put in use during the year. Within the next few weeks seventeen fixed stations will be installed and before the year's end there will be an additional 20 to 25 fixed stations and 75 additional vehicles with mobile radio equipment. "This radio-controlled means of communication has proved to be very valuable in day-to-day operations for the dispatching of trucks and crews, and the equipment in use last winter was invaluable during the devastating January ice storm," he said. "During the storm we were able to put lines back in service more quickly and efficiently by dispatching repair crews from one location to another by radio."

Before the end of 1950, he said, the Company expects to have fixed stations in service at every district and transmission division headquarters location and at many of the Company's high voltage substations and switching stations.

During the year 1949 a 20-year franchise was submitted to a vote of the people of Denison and was approved by a vote of more than 2-to-1. A 10-year franchise was granted the Company by the City of Terrell; a 50-year franchise was secured with the newly incorporated town of DeSoto, and the town of Thorndale granted the Company a 25-year franchise.

"In addition to these service agree-

ments with municipalities," Mr. Lynch said, "Texas Power & Light Company signed a new 30-year power purchase contract with the Lower Colorado River Authority. This is the longest-term contract of its kind in the history of our Company and insures mutual benefits to both the Texas Power & Light and the state power body."

SMITHWICK—

(continued from page one)

ed with the July 29, 1949 slaying of Alice Radio Commentator W. H. (Bill) Mason. Mason, as part of radio campaign charging inefficiency in the Alice County sheriff's department, had denounced Smithwick as the owner of property on which was located a tavern, The Rancho Allegro. Mason called it a prostitutes' nest.

Old and young men and women and teenagers spilled into the aisles and jammed every corner of the courtroom as the most sensational murder trial in the county's recent history was unraveled before Judge Wesley Dice.

Sheriff Buck Ray's deputies and Texas Rangers were spotted around the room and at the doors. A few spectators were searched as they entered the courtroom. Outside, the halls and stairs were packed.

The crowd, buzzing with talk of Monday night's attempt to shoot Evetts, obviously was on his side. Once the crowd applauded enthusiastically after Evetts exchanged words with Smithwick's defense attorneys.

Evetts, 41, alternated at puffing

a corn-cob pipe, cigars and cigarettes. He was even more snappish than usual during the day as he bore down on the case against the deputy. Obviously a little jumpy from lack of sleep, he tangled often with Smithwick and his witnesses.

Smithwick spent an hour on the witness stand as the main defense witness. He admitted shooting Mason as the radio man sat in his car. Mason had been "kinda threatening me", Smithwick said. Mason was waving his left hand out the window when he was shot, and the other hand was "down where I couldn't see it," Smithwick contended.

H. H. COFFIELD—

(continued from page one)

timated at 212 to 220 miles. The proposed general route would go through Dallas, Ellis, Navarro, Freestone, Leon, Madison, Grimes, Walker, Montgomery and Harris counties.

The five incorporators were named as the board of directors for the first year. The charter was for 50 years. Capital stock was fixed at \$1000 with 1000 shares of \$1 per value each.

Prescott said the highway would be modeled after the Pennsylvania turnpike between Harrisburg and Pittsburgh.

If the Texans follow Pennsylvania's lead they would charge passenger cars 1 cent a mile for use of the toll highway. Truck charges are made according to the weight of the load and the distance traveled.

Prescott estimated that big trucks

moving between Dallas and Houston would furnish about 46 per cent of the turnpike business.

The Texas road would have no cross traffic. All intersecting railroad or highway traffic would go either under or over the turnpike. There would be 11 interchange points—places where traffic would leave or enter the four lane toll route, Prescott said.

Wheelock is a rancher and oilman. Coffield is an oilman. Bostick is an accountant for Pickens.—Rockdale Reporter.

Sharp H. E. Dept. Holding Classes

The Sharp Home Economics Department is sponsoring an adult class in "Short Cuts In Home Management." Classes are to meet twice weekly and will be arranged to meet the needs and desires of those participating. All patrons of the Sharp School District are cordially invited to enroll.

The first meeting will be held February 1 at 7:30 p. m.

Mr. and Mrs. Oscar Pratt and little daughter of Port Arthur visited Mr. and Mrs. Franklin Dusek the past week.

Nedra Frances Bartlett, little daughter of Mr. and Mrs. Rex Bartlett of Rockdale is much improved after having her tonsils removed early this week at Newton Memorial Hospital.

Dodge Job-Rated Truck Prices Reduced \$40⁰⁰ to \$125⁰⁰

Now you can save up to \$125 on a new Dodge "Job-Rated" Truck.

Every Dodge "Job-Rated" Truck at these new low prices is the *same* truck—with the *same* equipment—as before the price reduction. These new low prices have been made possible through the great public acceptance Dodge "Job-Rated" Trucks have enjoyed.

You continue to benefit from the advantages of such exclusive Dodge features as proper weight distribution to carry your load better . . . short turning diameters for easier handling . . . shorter wheelbases and shorter over-all lengths to accommodate standard bodies.

All of this means greater truck value than ever before! It means lower *delivered* prices—plus unmatched Dodge economy, performance, and dependability.

Come in today! Get the new low delivered price on the Dodge "Job-Rated" Truck that fits your job—the truck that will save you money *today—and every day you use it.*
